

# EASY TRACK WHEEL

## Ruote EasyTrack con ralla universale e disco variabile

Le ruote **EASYTRACK** progettate da Rotagri consentono di ottenere 32 Off Sets. La stessa ruota potrà, quindi, essere impiegata in numerose colture interfilari. Inoltre, grazie al centro intercambiabile, potrete applicare queste ruote a diversi trattori risparmiando tempo e denaro. Le ruote EasyTrack offrono una grande resistenza meccanica, un'enorme versatilità e un'ottima sicurezza operativa.

### APPLICAZIONI

- Trattori Agricoli
- Sprayers e attrezzature agricole trainate
- Sprayers e attrezzature agricole semoventi

### GAMMA DIMENSIONALE

W7X24	W8X28	W10X32	10X36	W8X40	W10X42	W10X46	DW10X50
W8X24	W7X32	W7X36	W8X38	W7X42	W7X44	W8X48	
W7X28	W8X32	W8X36	W10X38	W8X42	W8X44	W10X48	

### CARATTERISTICHE

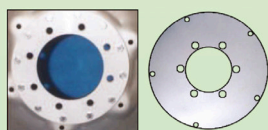

Flangia tipo 4x3

Ralla sagomata EasyTrack

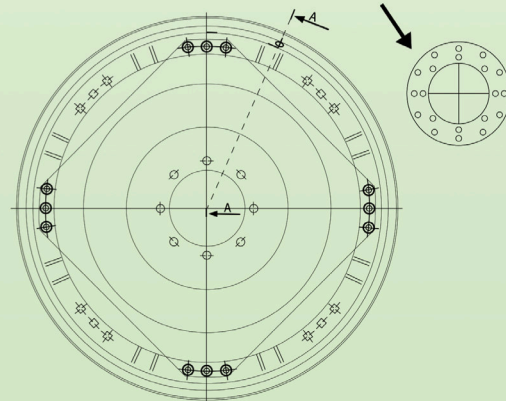

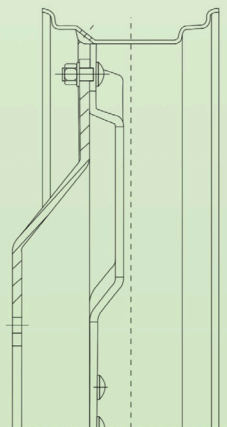

Fori di connessione, quadri e viti con s.testa quadro

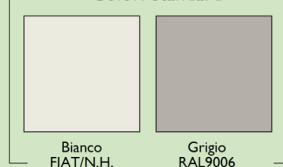

Centro Amovibile (optional)

- Anello multi-calibrato
- Ralla sagomata saldata da robot su tutta la circonferenza
- Flangia imbutita (spess. 8/10/12/15 mm) tipo 4x2 e 4x3
- Fori di connessione flangia-ralla quadrati (=max sicurezza)
- Viteria classe 10.9 con sotto-testa quadro
- Colori standard: RAL9006 e Bianco Fiat N.H.
- Colori opzionali: tutti gli altri RAL
- PCD personalizzabili
- Disponibili anche con centro intercambiabile (opzionale)
- Equipaggiabili con pneumatici Alliance-Cultor-Mitas

Centro Amovibile (optional)

Colori opzionali

# EASY TRACK WHEEL

## EasyTrack wheels with universal ring+ adjustable disc

Our brand new **EASYTRACK** system, engineered and manufactured by Rotagri, allows up to 32 different off-sets to be reached. The same wheel will be able to provide its potential in different cultivations. More than this, thanks to the interchangeable central reduction disc, you will be able to use the same wheel with different tractors. This will help everyone to save time and money.

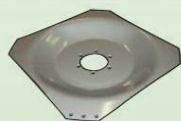

### APPLICATIONS

- Agricultural tractors
- Sprayers and other trailed agricultural implements
- Sprayers and other self propelled agricultural vehicles

### Dimensional range

W7X24	W8X28	W10X32	I0X36	W8X40	W10X42	W10X46	DW10X50
W8X24	W7X32	W7X36	W8X38	W7X42	W7X44	W8X48	
W7X28	W8X32	W8X36	W10X38	W8X42	W8X44	W10X48	

### Features

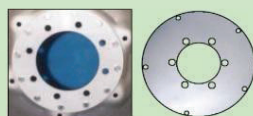

Adj.Disc type 4x3

EasyTrack ring

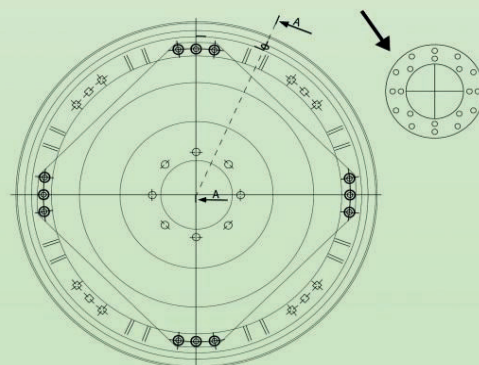

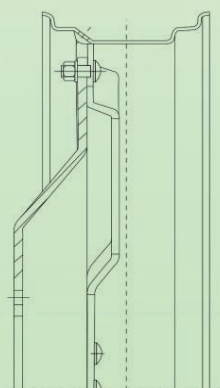

Squared holes & bolt with square under head

Central reduction disc/adaptor (optional)

- Multi-calibrated rim
- Special designed pressed ring welded along the whole circumf. of the rim
- Special designed pressed disc (thick. 8/10/12/15 mm) type 4x2 and 4x3
- Disc-ring connection holes squared (=max safety)
- Top qualitative screws type 10.9 with bolts provided of square under head
- Standard colours: on requests
- PCD on customer request
- Interchangeable central reduction disc/adaptor on request (optional)
- With or without tyre (Alliance-Cultor-Mitas)

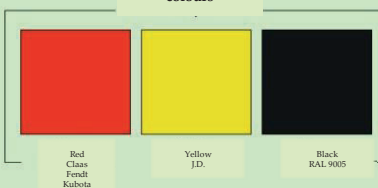

Central reduction disc/adaptor (optional)
