

# EASY TRACK WHEEL

## EasyTrack wheels with universal ring+ adjustable disc

Our brand new **EASYTRACK** system, engineered and manufactured by Rotagri, allows up to 32 different off-sets to be reached. The same wheel will be able to provide its potential in different cultivations. More than this, thanks to the interchangeable central reduction disc, you will be able to use the same wheel with different tractors. This will help everyone to save time and money.

- APPLICATIONS**
- Agricultural tractors
  - Sprayers and other trailed agricultural implements
  - Sprayers and other self propelled agricultural vehicles

**Dimensional range**

W7X24	W8X28	W10X32	10X36	W8X40	W10X42	W10X46	DW10X50
